

# Researcher Profiles

## in Web of Science

Publons has joined Web of Science. Build, manage and maintain your scholarly presence with simple tools on one trusted platform—the Web of Science. Sign in and manage your profile at [webofscience.com](https://webofscience.com).

An example profile:

**Author information:**

- Preferred name
- A green check mark indicates a claimed and verified profile
- Published names and recent affiliations
- Awards
- Link to ORCID if enabled by the author

**Manage your personalized Web of Science experience here.** Add publications and peer reviews, and if you use Web of Science, manage your saved searches and alerts.

**Publications can be added by claiming author records, or syncing with ORCID.** By default Web of Science Core Collection publications are displayed. Check the box to also include publications from other sources.

**Display your peer reviews, grant reviews, board memberships and editor records (those for which the researcher coordinated the review process).**

**Metrics Dashboard** displays a summary of publication and citation data. Click the Dashboard button to reveal additional visualizations.

**The Author Impact Beamplot** provides normalized citation data for this author profile. Citation counts are compared to other documents of the same age, type and subject.

**Verify your Author Record**  
Get your own verified author record. Enter your name in Author Search, then click "Claim My Record" on your author record page.

## 1. Sign in and manage your profile

From [webofscience.com](https://webofscience.com) use your existing Publons or Web of Science credentials to sign in and manage your profile. If you're new register for a free account.

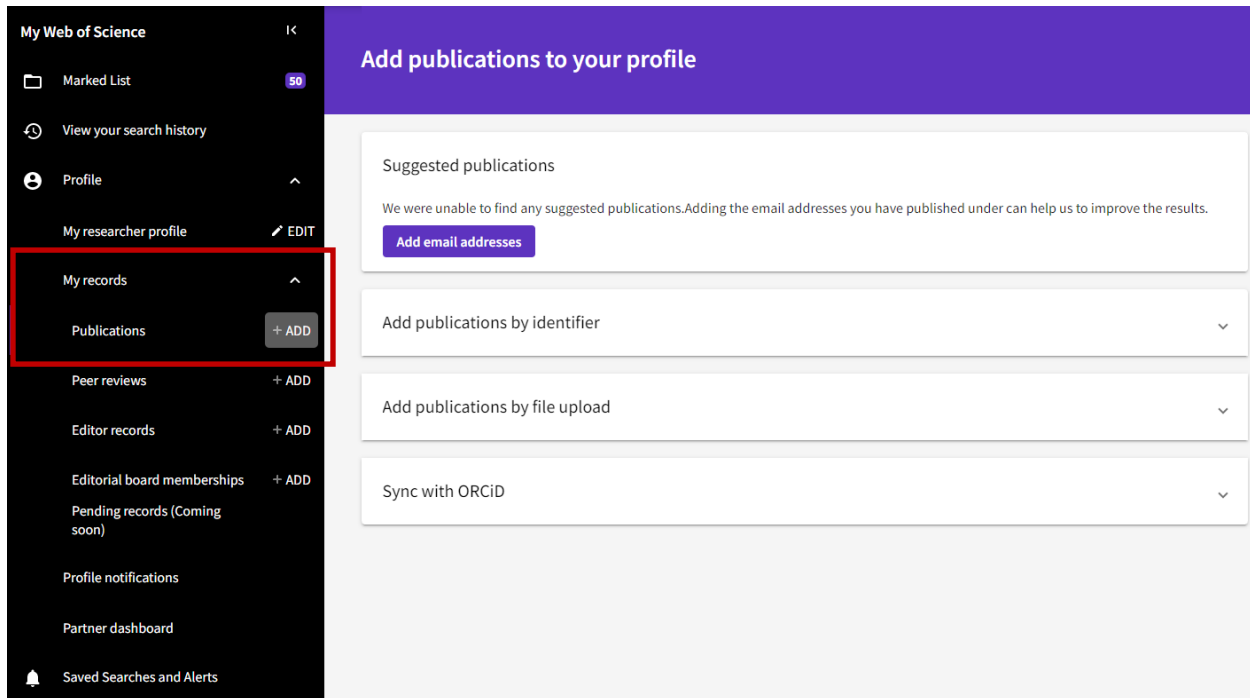

## 2. Add publications and peer reviews, edit your profile, and more...

Once logged in, use the left navigation menu to make changes to your profile.

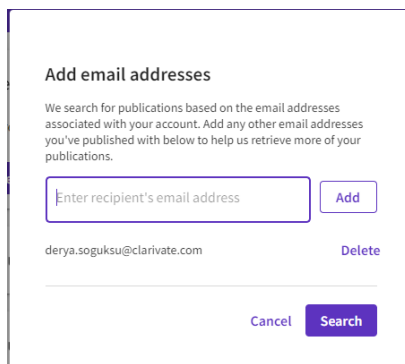

## Add your Publications

Add publications in several ways.

### a- Add email addresses

Use your email address and we will automatically look for publications that match.

## b- Or match with an identifier

Add publications by identifier

If your article has been published please enter its DOI to help us retrieve additional metadata including citations if it is indexed in the Web of Science Core Collection.

DOI

Web of Science accession number

PubMed ID

arXiv ID

Title

## c- Or upload a file

Add publications by file upload

Click the button below to import your publications from either a RIS, BibTeX, or CSV file.

## d- Or sync with ORCID

Sync with ORCID

The ability to perform a one time import of publications from your ORCID record will be coming soon. In the meantime you can import your publications from ORCID by [enabling ORCID import sync in your profile settings](#).

## e- You can also add your publications to your researcher profile from Export field. Add to my researcher profile

**Publications as predictors of racial and ethnic differences in NIH research awards**

### 3. Sync with your ORCID account

Keep both profiles up to date from one place. If you have already synced your Publons account to ORCID, no need to do it again. Those settings will be active in the new environment.

The screenshot shows the 'Profile Settings' page in the Web of Science interface. The left sidebar contains a 'My Web of Science' menu with options like 'Marked List', 'History', 'Profile', 'My researcher profile', 'My records', 'Profile notifications', and 'Saved Searches and Alerts'. The 'Profile' option is highlighted, and an 'EDIT' button is visible next to 'My researcher profile'. The main content area is titled 'Profile Settings' and has three tabs: 'Edit Profile', 'Peer Review Preferences', and 'ORCID Syncing'. The 'ORCID Syncing' tab is active. It shows a 'Linked ORCID account' section with a green ORCID icon and a URL. Below this is a blue message box stating: 'Some settings are not available because you have revoked permissions. Change this by granting permission in the permission section.' The 'Automatically sync ORCID and Web of Science' section has three toggle switches: 'Update ORCID with changes I make in my Web of Science Researcher Profile' (OFF), 'Update my Web of Science Researcher Profile with changes I make in ORCID' (ON), and 'Update ORCID with my peer reviews' (OFF). The 'Manually sync ORCID with Web of Science' section has two buttons: 'Export 306 publications to ORCID now' and 'Export 6552 peer reviews to ORCID now'. Below each button is a note: 'Including 0 which have already been exported and may be updated' for publications, and 'Including 6537 which have already been exported and may be updated' for peer reviews. Three numbered callouts are present: 1. 'Click edit to make changes to your profile.' points to the 'EDIT' button in the sidebar. 2. 'ORCID syncing: grant permission and link your ORCID account' points to the 'ORCID Syncing' tab. 3. 'Choose syncing options: decide how you would like the sync to work. You can manually sync at any time.' points to the 'Automatically sync ORCID and Web of Science' section.

1. Click edit to make changes to your profile.

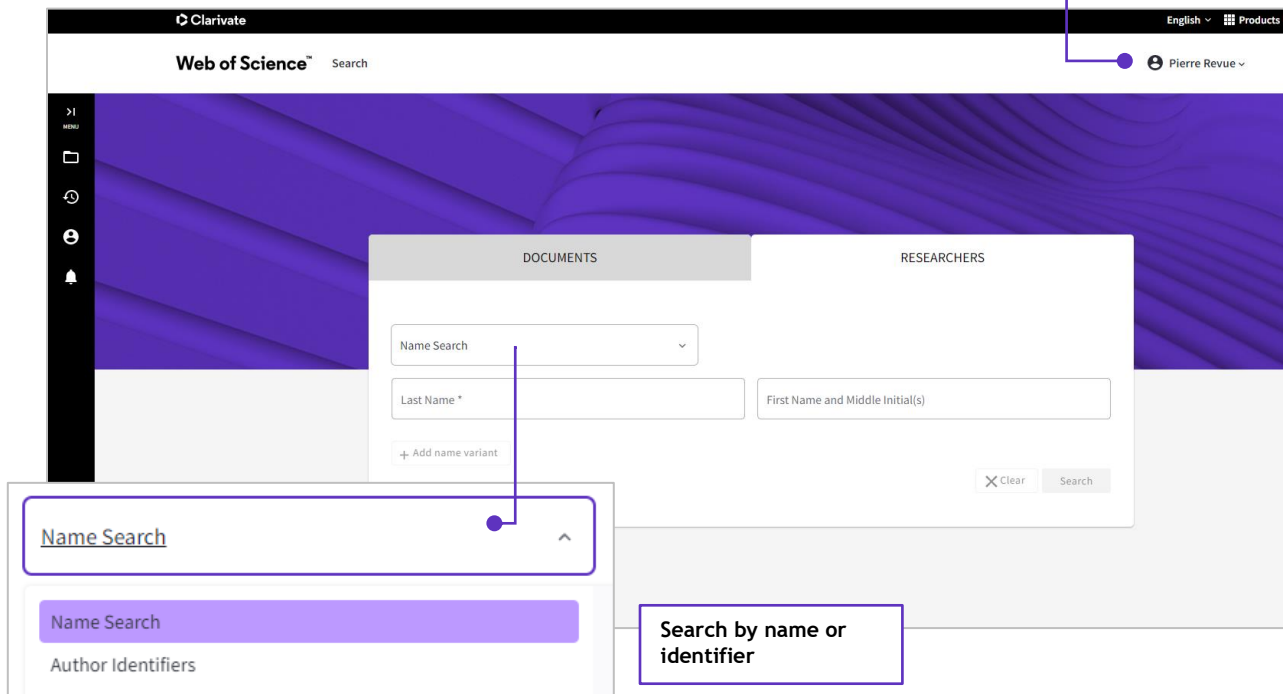

2. ORCID syncing: grant permission and link your ORCID account

3. Choose syncing options: decide how you would like the sync to work. You can manually sync at any time.

## 4. Find peers and collaborators with Researcher search

As a **registered user**, search the claimed profiles of others by name or identifier. If you are also a Web of Science subscriber, searching also includes unclaimed author records and documents.

Sign into your profile to search

The screenshot shows the Web of Science Researcher search interface. At the top, the Clarivate logo and 'Web of Science™ Search' are visible. A user profile 'Pierre Revue' is shown in the top right. The main search area has two tabs: 'DOCUMENTS' and 'RESEARCHERS'. The 'RESEARCHERS' tab is active, showing a 'Name Search' dropdown, a 'Last Name \*' field, and a 'First Name and Middle Initial(s)' field. A callout box points to the 'Name Search' dropdown with the text 'Search by name or identifier'. Another callout box points to the user profile with the text 'Sign into your profile to search'. A third callout box points to the 'Name Search' field with the text 'Name Search'.
